*****Or Schedule to pick up at our location by appointment. Pricing will be less. *****

All pricing below Includes deliveries within 10 miles (5 miles each way from I25) roundtrip from I25 for & surrounding areas north of US 34 (Loveland-Greeley Exit) to the Wellington exit. If your location is north or south of these points or beyond the 10 miles roundtrip east or west from I25 we will still deliver to you but additional mileage costs will apply. Call for Pricing.

Our Firewood is split, seasoned, delivered on pallets, and ready to burn in your Fireplace. All our wood is palletized- If you want the wood kept on the pallets at your location there is a small fee of \$15 for the pallet. We can do special orders for lengths requested below 16 inches long. We can fit a cord into a full size 8 foot pickup when we load two pallets onto the pickup. If you elect to hand load a 1/2 cord will stack into an 8 foot pickup bed.

We offer value discounts for pick up orders at our lot in Fort Collins, and are happy to match any pricing for a comparable product from a reputable company if able. Pick up orders may be kept on pallets for a small pallet fee. We can load the pallet onto your truck or trailer for no additional fee.

Stacking

\$30 per half cord within twelve feet distance of dropped off pallet.

\$60 per cord within twelve feet distance of dropped off pallet.

We will always try and place the pallet off of our trailer to as close to your stacking location as possible to reduce stacking costs for our customers.

Pallet Placement

Our machinery requires 9 feet in width and 9 feet in height and smooth, even terrain to access any area where the pallet is to be placed. Delivery includes placement of the pallet on a driveway or flat surface within 25 feet of the delivery truck. If the requested drop point is beyond these specs then additional costs will be applied or we may just be unable to drop the pallet at the requested spot due to rough terrain or inadequate clearances. Please notify us ahead of time if there are special directions to a drop point that falls outside these parameters.

Pallets

Our firewood varieties come in two ways: on wooden pallets that you pay for, are left at your location and the pallets are yours to keep; or on specialized metal pallets that require a fully refundable down deposit and that we need back.

Wooden Pallets

If you want the wood kept on the wooden pallets and the pallets left at your location there is a \$15.00 additional cost per pallet.

Metal Pallets

If this is the case we will notify you before the delivery. Pay for the \$40.00 deposit at the time of delivery and we will refund the deposit amount once we pick the pallet up (if we can) or it is returned to our location.

Don't want to mess with the deposit or pallet? Not a problem - We can simply dump the pallet as close to your stacking location as possible and take the pallet back with us.

Our Guarantee

We guarantee all of our firewood. We strive for complete customer satisfaction with a process that is hassle free. If you ever have any questions or concerns please call or email us and we will be happy to help in any way.

Colorado Tree & Firewood Company LLC would like to service your smoking, campfire, and home heating needs, by providing our customers an energy efficient heat source with no hassle delivery.
