### **Stacking**

\$35 per half cord within twelve feet distance of dropped off pallet.

\$60 per cord within twelve feet distance of dropped off pallet.

We will always try and place the pallet off of our trailer to as close to your stacking location as possible to reduce stacking costs for our customers.

### **Pallet Placement**

Our machinery requires 9 feet in width and 9 feet in height and smooth, even terrain to access any area where the pallet is to be placed. Delivery includes placement of the pallet on a driveway or flat surface within 25 feet of the delivery truck. If the requested drop point is beyond these specs then additional costs will be applied or we may just be unable to drop the pallet at the requested spot due to rough terrain or inadequate clearances. Please notify us ahead of time if there are special directions to a drop point that falls outside these parameters.

### **Pallets**

Our firewood varieties come in two ways: on wooden pallets that you pay for, are left at your location and the pallets are yours to keep; or on specialized metal pallets that require a fully refundable down deposit and that we need back.

#### **Wooden Pallets**

If you want the wood kept on the wooden pallets and the pallets left at your location there is a \$15.00 additional cost per pallet.

#### **Metal Pallets**

If this is the case we will notify you before the delivery. Pay for the \$40.00 deposit at the time of delivery and we will refund the deposit amount once we pick the pallet up (if we can) or it is returned to our location.

Don't want to mess with the deposit or pallet? Not a problem - We can simply dump the pallet as close to your stacking location as possible and take the pallet back with us.

---

### **Our Guarantee**

We guarantee all of our firewood. We strive for complete customer satisfaction with a process that is hassle free. If you ever have any questions or concerns please call or email us and we will be happy to help in any way.
